Signing up for Meets

Before you can sign an athlete up for a meet, you must first be sure that that athlete is registered for the season that the meet takes place in.

- 1. Pre-Registration Phase** - Period of time to sign up (prior to the host team opening the meet for entries). Our coaching staff will then place the swimmers into events and submit our team's entries.
- 2. Host Entry Phase** - Period of time that the host team has to process the entries (most meets fill quickly). We will post our team's entries on the website at this time. All pre-registered meet sign ups are final.
- 3. Entry Fee Phase** - Period of time (usually one week before the meet) to make meet entry payments. We must receive entry fees prior to the meet (made out to "GRNSA"). The psych sheet will also now be available.

MEETS - This will show each of the past & upcoming meets that an athlete attached to your account has been invited to participate in. After the host team has prepared the meet information, an email will be sent to you, linking you to this page. The full meet information and an additional link will also then be made available to you at: www.grnsa.org/meets. It is very important that upon each invite, you confirm "Yes" or "No" to all meets. Under each upcoming meet, it will display the entry fees, (i.e. \$5.00 per individual event and a \$7.00 swimmer surcharge). In general, we won't ever place a swimmer in more than four events per day. If a child is not available for certain sessions of a multi-day meet, be sure to only uncheck those boxes after confirming attendance. Please respond to all invites, even if the answer is "No." This greatly helps our coaching staff to place swimmers into events. Also, please note that because our team's entries and payments are due way in advance of the meet, upon confirming attendance, all meet sign ups are final.
